

Stop The “Crazy”

Help End the Stigma of Mental Health on May 12th 2012

Come out and help in breaking the stigma of Mental Health Issues. Join us for Arrabon's first annual Stop the Crazy Movement. Help us send a message of solidarity as we line Queen Street as mothers, fathers, sisters, brothers, relatives, professionals and friends in support of those who are effected by mental health issues. We hope to raise awareness, decrease stigma, and increase support within our community and our City.

The Human Chain starts at **Queen and Roncesvalles. Be there by 3:30pm** to get organized! Or come early, starting at 2pm, and check out our community partners Masaryk-Cowan Community Center located at Queen Street and Cowan Avenue for Community and Mental Health Resources, a BBQ, Face painting, Raffles, and Stop the “Crazy” merchandise.

It's crazy not to talk about it.
